# USB 3.0 Card Reader 3.5 65 in 1

## Description

This Card Reader by Delock can be installed into a free 3.5 bay of your PC. It can be connected to the USB 3.0 interface in order to achieve a faster data transfer rate of up to 5 Gb/s (Super Speed). Furthermore the USB 3.0-A connector is compatible to its forerunners USB 2.0 and USB 1.1. Thus you can still connect the Card Reader to a USB 2.0 or USB 1.1 port. A beige front blend is included in delivery for different chassis colours which you can exchange against the black front blend.
